  - a. Use payments from the Fiscal Recovery Funds to avoid cuts to government services and, thus, enable State, local, and Tribal governments to continue to provide valuable services and ensure that fiscal austerity measures do not hamper the broader economic recovery
  - b. Based on elements reported under “General Revenue from Own Sources” in the Census Bureau’s Annual Survey of State and Local Government Finances (includes intergovernmental transfers between state and local governments but excludes federal transfers)
  - c. Calculate the extent of the reduction in revenue as of four points in time: December 31, 2020; December 31, 2021; December 31, 2022; and December 31, 2023.

- d. Provision of government services:
  - i. Maintenance or pay-go funded building of infrastructure (roads, modernization of cyber security, hardware, software, protection of critical infrastructure, health services, environmental remediation, school or educational services, police/fire and public safety)
- E. To make necessary investments in water, sewer, or broadband infrastructure.
  - a. Eligible uses of the Fiscal Recovery Funds should align with the wide range of types or categories of projects that would be eligible to receive financial assistance through the Environmental Protection Agency's (EPA) Clean Water State Revolving Fund (CWSRF) or Drinking Water State Revolving Fund (DWSRF). (26802)
  - b. Broadband: The interim final rule treats users as being unserved or underserved if they lack access to a wireline connection capable of reliably delivering at least minimum speeds of 25 Mbps download and 3 Mbps upload as households and businesses lacking this level of access are generally not viewed as being able to originate and receive high-quality voice, data, graphics, and video telecommunications
- F. In addition, Congress clarified two types of uses which do not fall within these four categories.
  - a. Sections 602(c)(2)(B) and 603(c)(2) provide that these eligible uses do not include, and thus funds may not be used for, **depositing funds into any pension fund**. Section 602(c)(2)(A) also provides, for States and territories, that the eligible uses do not include **“directly or indirectly offset[ing] a reduction in the net tax revenue of [the] State or territory resulting from a change in law, regulation, or administrative interpretation.”**
    - i. If sufficient funds from other sources cannot be identified to cover the full cost of the reduction in net tax revenue resulting from changes in law, regulation, or interpretation, the remaining amount not covered by these sources will be considered to have been offset by Fiscal Recovery Funds, in contravention of the offset provision. (26807)
    - ii. Framework for reporting:
      - 1. Covered changes that reduce tax revenue
      - 2. In excess of the minimal level (1% of the reporting year's baseline)
      - 3. Safe harbor- compare actual revenue to baseline, if actual tax revenue is larger, then treasury does not recognize a net reduction
      - 4. Consideration of other sources of funding (tax increases or spending cuts)
      - 5. Identification of amounts subject to recoupment
    - iii. Reporting includes: Each State and territory will report to Treasury the following items:
      - 1. Actual net tax revenue for the reporting year;
      - 2. Each revenue-reducing change made to date during the covered period and the in-year value of each change;
      - 3. Each revenue-raising change made to date during the covered period and the in-year value of each change;

4. Each covered spending cut made to date during the covered period, the in year value of each cut, and documentation demonstrating that each spending cut is covered as prescribed under the interim final rule
- G. Timeline: used to cover costs incurred between March 3, 2021 and December 31, 2024. Period of performance will run until December 31, 2026
